

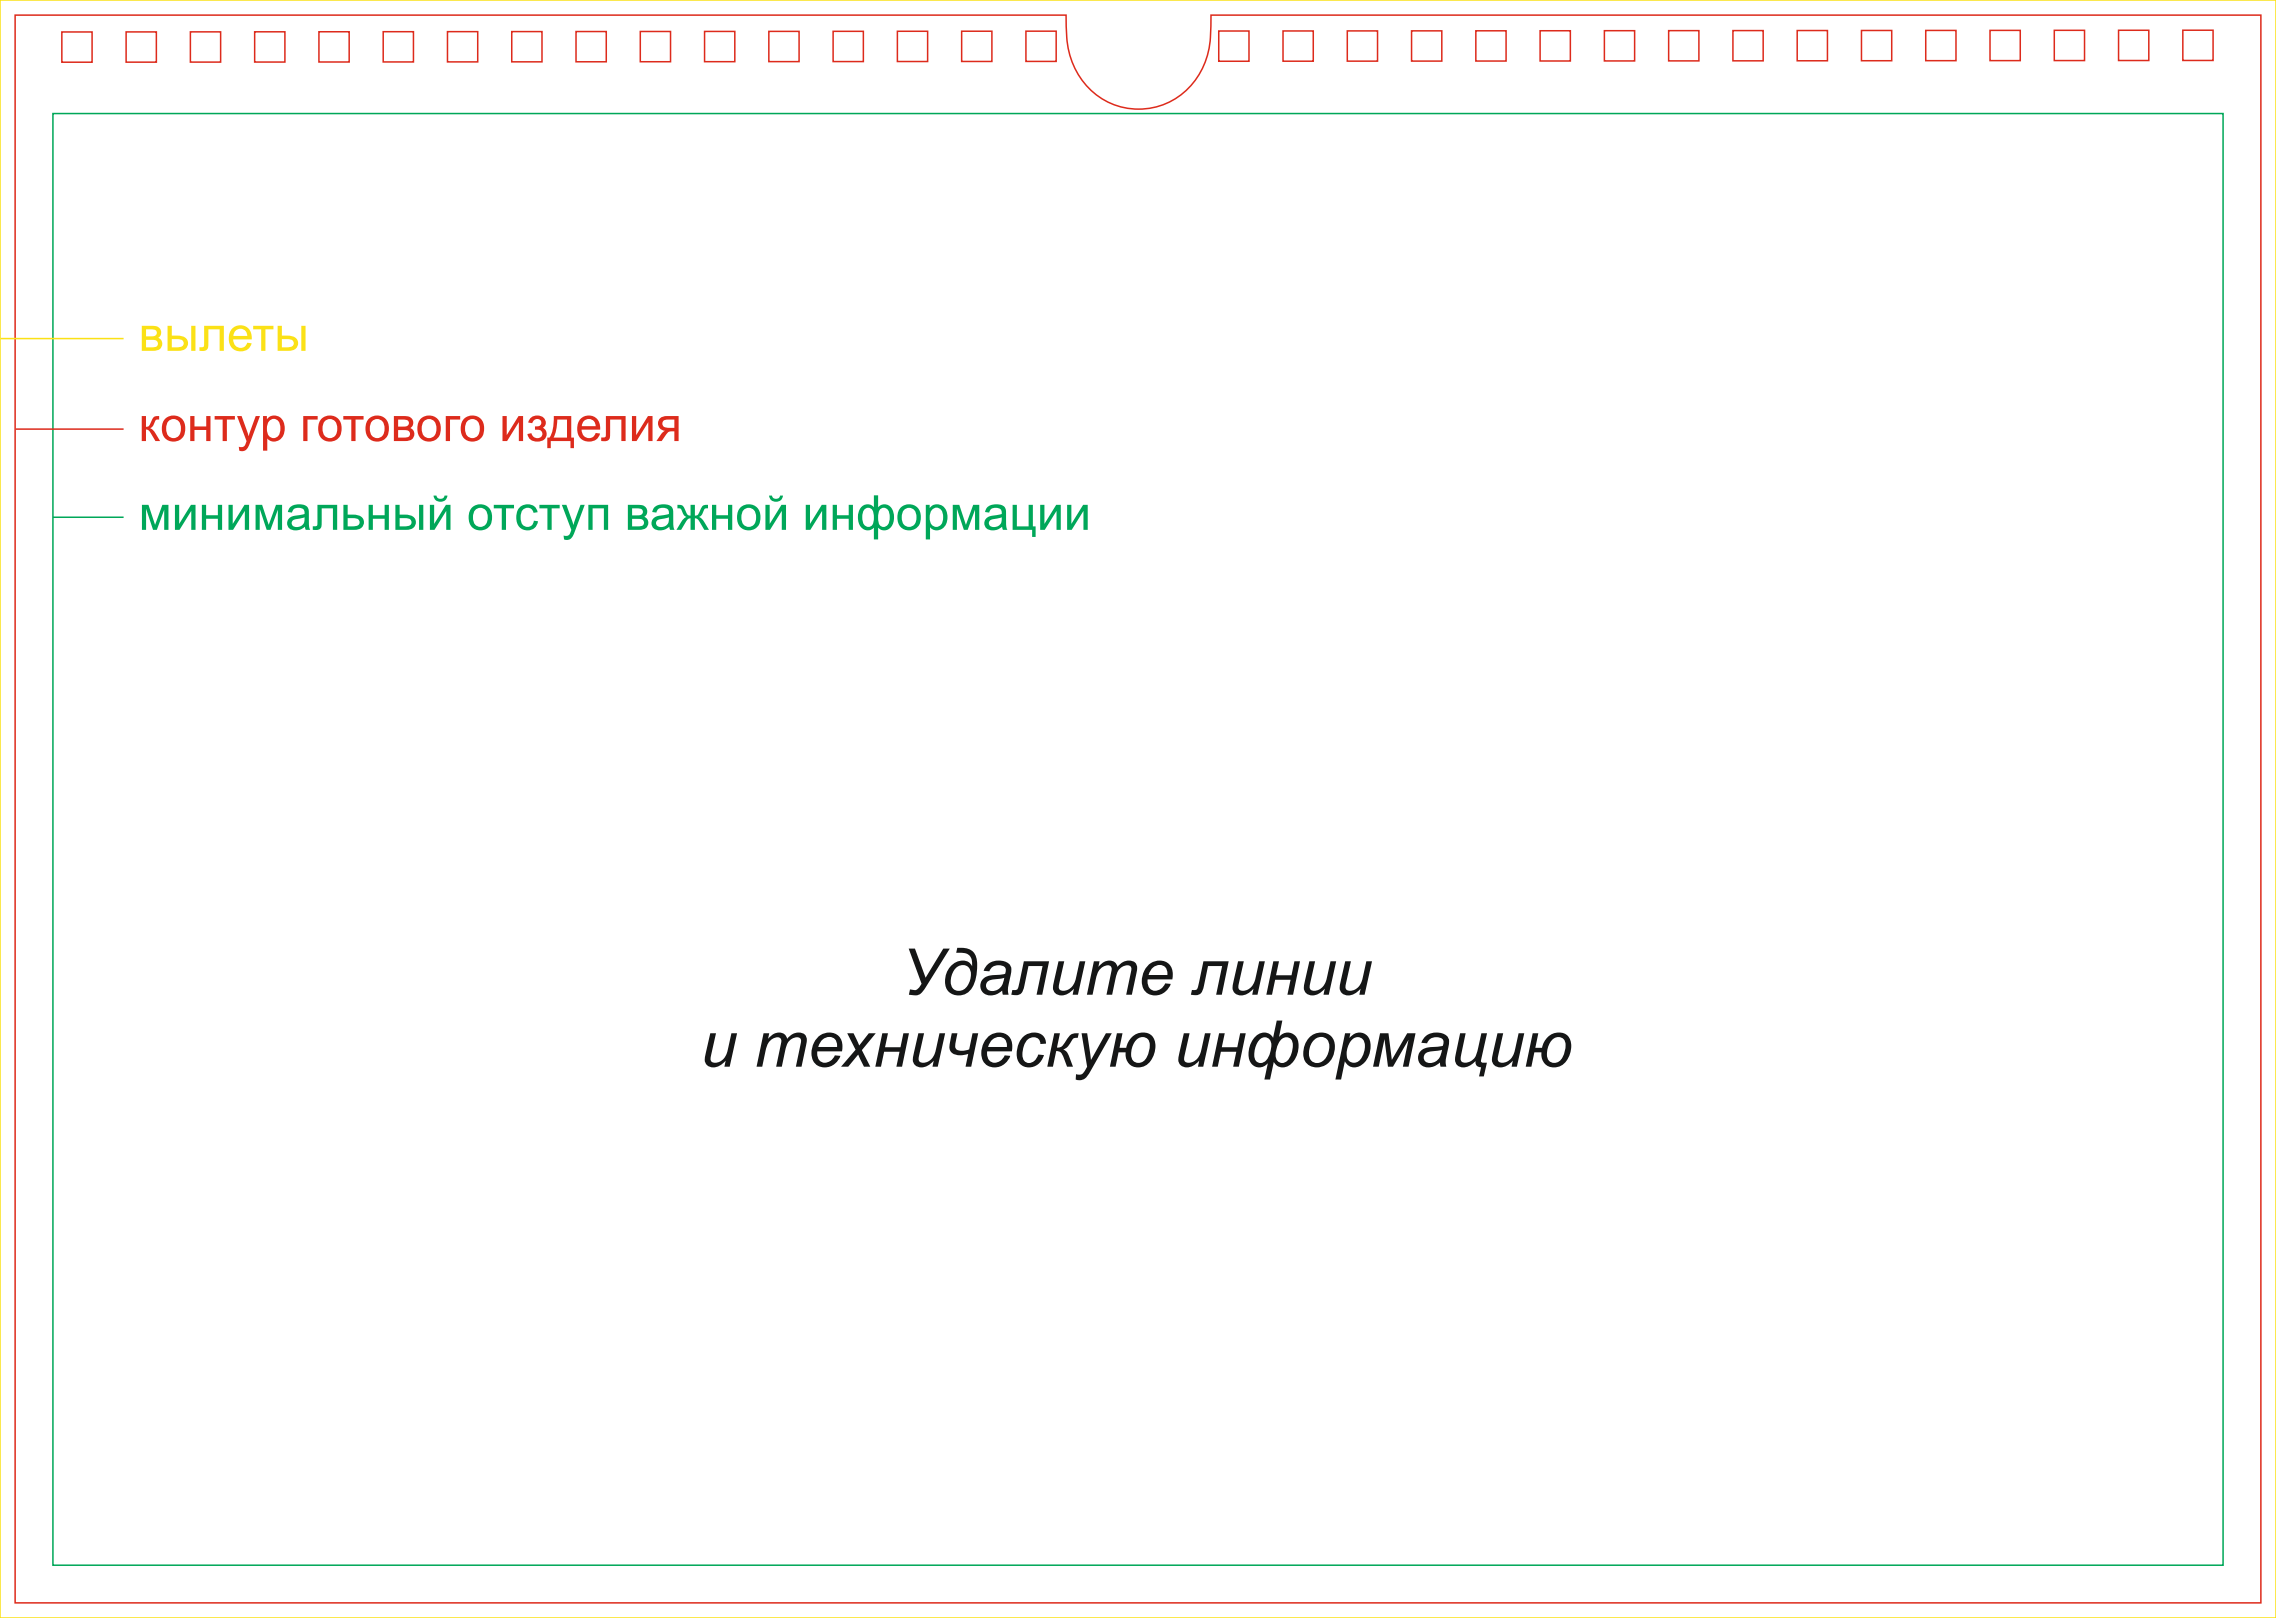

Diagram illustrating the layout of a technical drawing template. The template features a dashed red border at the top and a solid green border on the left and bottom. A yellow line points to the word "ВЫЛЕТЫ" (Overruns), a red line points to "контур готового изделия" (Contour of the finished product), and a green line points to "минимальный отступ важной информации" (Minimum offset of important information). The text "Удалите линии и техническую информацию" (Delete lines and technical information) is centered in the drawing area.

ВЫЛЕТЫ

контур готового изделия

минимальный отступ важной информации

*Удалите линии
и техническую информацию*

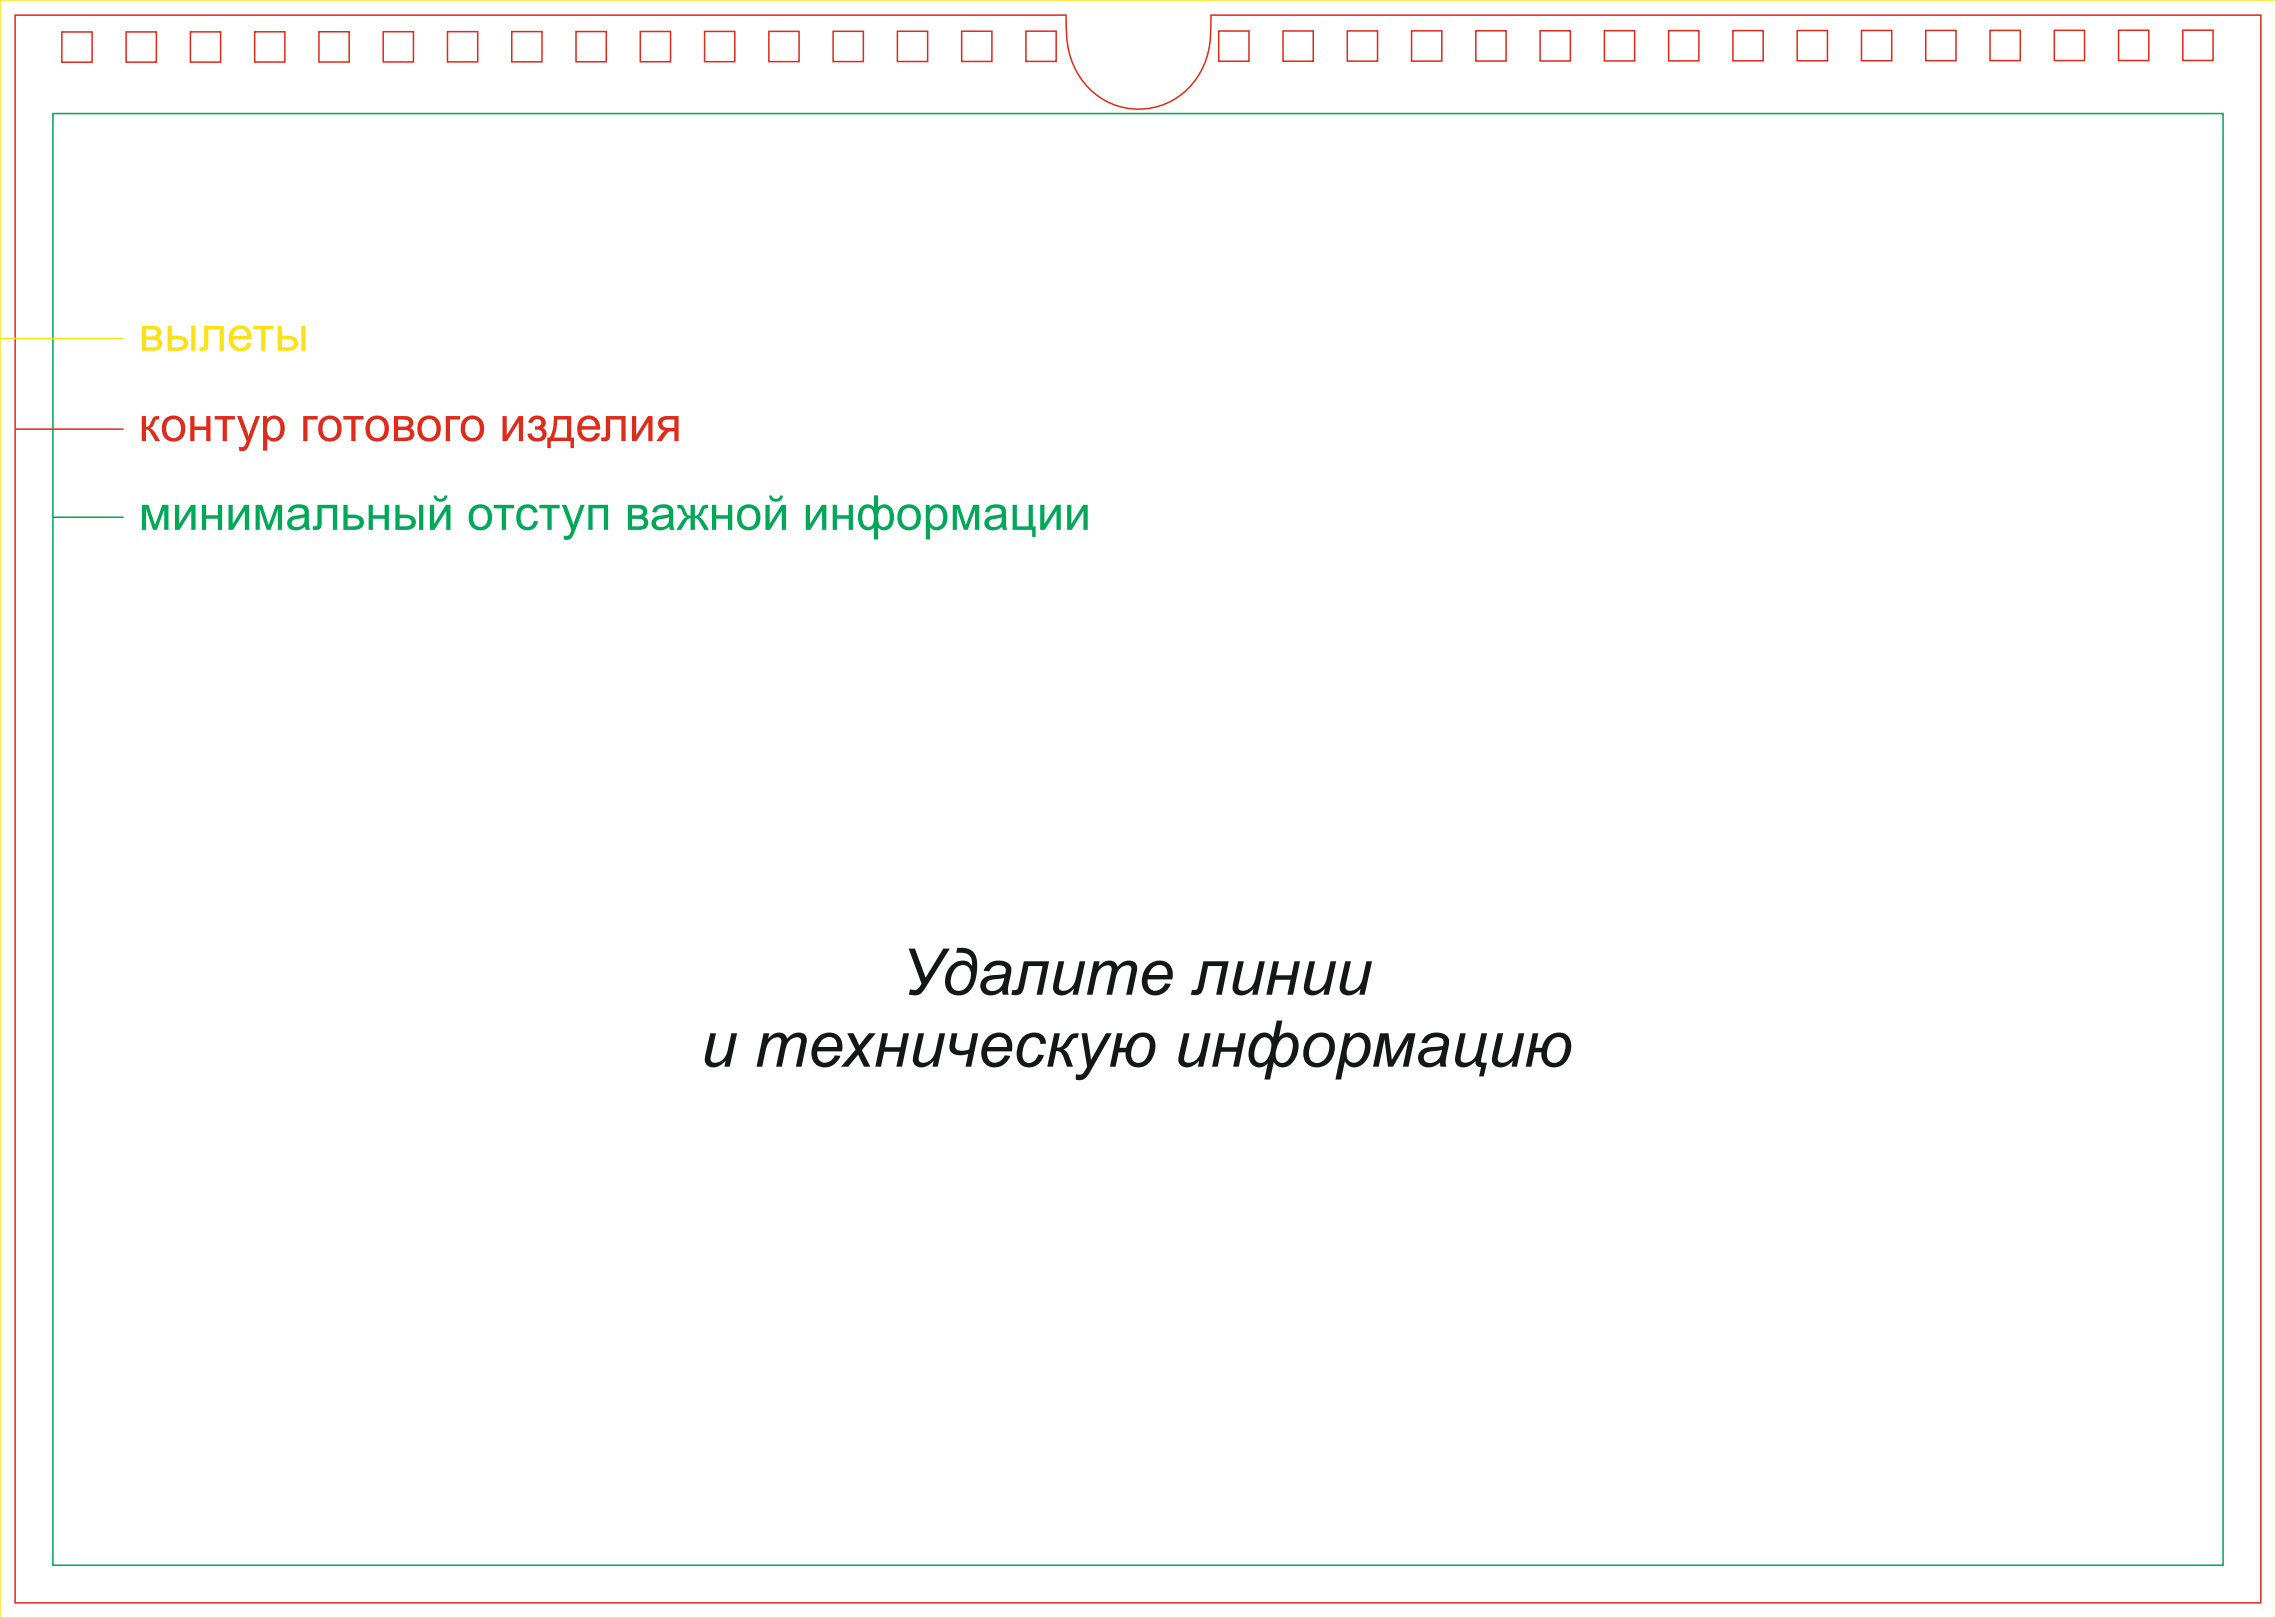

Diagram illustrating the layout of a technical drawing template. The template features a dashed red border at the top and a solid green border on the left and bottom. A yellow line points to the word "ВЫЛЕТЫ" (Overruns), a red line points to "контур готового изделия" (Contour of the finished product), and a green line points to "минимальный отступ важной информации" (Minimum offset of important information). The central area contains the instruction "Удалите линии и техническую информацию" (Delete lines and technical information) in italics.
